We will celebrate Schubert's birthday with the performance of one of his best known symphonic works - *The Unfinished* - as well as his *Overture in Italian Style* an opus well received during his lifetime.

We then feature and celebrate our wind players with music by two British 20th century composers: Both Gerald Finzi as well as Jacob Gordon were students of and influenced by some of the best-known British composers such as Ralph V. Williams, Gustav Holst, C.V Stanford and others. Their music is based on and strongly influenced by British Folk music reflecting the influences of their teachers.

Admission to the concert is free - but donations are welcome.

Suggested Donation \$15.00 Pay as you wish.

You are invited to join us for a reception after the concert to meet the orchestra member and enjoy some conversations and fellowship.
